Objective

Motivated and innovative Flutter developer with hands-on experience in Android development. Aiming to apply my technical knowledge and collaborative skills to create high-performance mobile applications and contribute to a productive development team.

Experience

- Inscriptis Pvt Ltd.** 03-02-2026 - Present
Senior Software Developer
 - Architected and refactored a cross- platform Flutter SDK from platform channels to native Dart, with a C++ / Unreal Engine plugin integration
 - Drove end-to-end SDK design with a strong focus on Developer Experience, industry-standard API conventions, and scalable testing pipelines
 - Leveraged AI extensively across planning, architecture, and delivery cycles to ship at senior velocity
- Scogo Networks** April 2025 - Jan 2026
Flutter Developer
 - Integrated Location and gps related activities
 - worked on core functionalities from business point of view
 - Integrated bloc pattern for seamless state management.
 - Managing whole lifecycle of product from planning, development to deployment.
- Appx** July 2024 - April 2025
Mobile Developer
 - Working on both flutter and native android for multiple applications
 - Integrated custom solutions for clients regarding UI and business logic such as Maps, Live classes
 - Worked and managed large number of applications maintained by organization
- Appx** Feb 2023 - July 2024
Junior Mobile Developer • Contract/Internship
 - Working on both flutter and native android for multiple applications
 - Worked on and managed large number of applications maintained by organization
- Sortizy** December 2022 - February 2023
Flutter Development • Internship
 - Built reactive UI from wireframes
 - Learnt Platform dependent development
 - Contributed to complex UI and features of application such as Interactive Stories (Instagram)
 - Reduced application startup crashes by 73% by removing coupling, dependencies
- Camp Yellow** August 2022 - October 2022
Software Development • Internship
 - Integrated Stripe Payment API
 - Built and integrated Custome Modules
 - Refactored project structure for better resusability
- Platos Virtual** November 2021 - July 2022
Software Development Intern
 - Refactored to implement modular robust code structure and design principles
 - Improved crashing of application by abstracting business logic
 - Worked with integration of Firebase, Apis.
 - Improved projects extensibility by decoupling modules
- Kidaura** March 2021 - November 2021
Flutter Development • Internship
 - Built a responsive, scalable application from scratch for both ios and android.
 - Learnt and worked with graphql, responsive layout and state management

- Structured the project with scalable, testable approach and built reusable components.

Education

- **Pillai HOC College Of Arts, Science And Commerce** 2024
Bachelor of Science (B.Sc), Computer Science
9.06
- **Harmony Public School And Jr. College, Kharghar** 2019
Senior Secondary (XII), Msbshse
62.77
- **DAV Public School, New Panvel** 2017
Secondary (X), CBSE
7.8 cgpa

Skills

- Flutter
- Android Development
- Kotlin
- Java
- Dart
- Firebase
- MVVM
- Data Structures and Algorithm
- Logical Reasoning
- Python

Open Source Contribution

- **Tachiyomi - A Manga Reader**
Fixed : dialogs in application were constantly stacking on top of each other

<https://github.com/anshpathania7/tachiyomi>
- **Open food facts - smooth**
Fixed :
 1. Duplicate Entries in search query
 2. Added pull to refresh functionality in screen
 3. removed redundant refresh button from action bar
 4. removed dialog box showing download data on refresh, (already showing circular indicator)
 5. On back gesture, Instead of moving back to previous tab, select product screen now gets popped off and fields are reset.

Projects

- **Bonfyr- Chatroom**
This is chatroom based social media application. Which allows users to communicate in publicly available chatrooms
with features such as having personal profile, Image and gif sharing etc.

Using Flutter and firebase

Activities

- Conducted a gaming event in college premises and managed multiple teams for same • Led a team of 10 people in NSS unit as a leader and conducted campus and locality cleanliness drive along with awareness programs. • Volunteered in a publicity campaign for college annual fest and bought in 50+ entries for publicity department, which was second highest amount of individuals bought in by single person
